

Enclosure C

SPECIAL CONDITIONS

1. Basis for Requiring Special Conditions

The requirements that States ensure that children with disabilities participate in State and district-wide assessment systems; develop and administer alternate assessments, if necessary; and report publicly on the participation and performance of children with disabilities in State and district-wide assessments are crucial to ensuring that children with disabilities are provided access to high-quality instruction in the general curriculum, and that States and districts are held accountable for the progress of these children. 20 U.S.C. 1412(a)(16)-(17); 34 CFR §§300.137-300.139. The requirements regarding performance goals and indicators and the participation of children with disabilities in, and reporting on participation and performance of children with disabilities in regular assessments have been in effect since July 1, 1998; the requirements regarding reporting on alternate assessments have been in effect since July 1, 2000. According to the information reported to the Department in the Biennial Performance Report for the 2000-2001 school year, Wisconsin is not reporting publicly and to the Secretary on the performance of children with disabilities in alternate assessments in the same frequency as for nondisabled children, as required by Part B of the Individuals with Disabilities Education Act (IDEA).

Therefore, Wisconsin has not complied with all the terms and conditions of the Federal Fiscal Year 2001 awards under Part B of IDEA. Under the authority of the Education Department General Administrative Regulations, 34 CFR §80.12, the Department is imposing these Special Conditions on Wisconsin's Federal Fiscal Year 2002 awards under Part B of the IDEA.

2. Nature of the Special Conditions

By May 30, 2003, Wisconsin must demonstrate that it is reporting publicly and to the Secretary on the performance of children with disabilities in alternate assessments, as required at 20 U.S.C. 1412(a)(17) and 34 CFR §300.139(a)(2).

a. By September 30, 2002, Wisconsin will submit a plan detailing the steps and timelines for reporting publicly and to the Secretary on the performance of children with disabilities in alternate assessments by May 30, 2003. The plan must ensure that students with disabilities, including students who take the alternate assessment, are assessed in the same grades as non-disabled students and that the results of their assessments are reported in the same frequency and detail as non-disabled students.

b. Wisconsin will submit progress reports on November 29, 2002, January 31, 2003, March 28, 2003 and the final submission due on May 30, 2003. The final submission that includes information on reporting publicly on the performance of children with disabilities in alternate assessments is to be submitted on the Biennial

Performance Report format provided by OSEP. (This format is available at <http://www.ed.gov/offices/OSERS/OSEP/Monitoring/>.)

3. Evidence Necessary for Conditions To Be Removed

The Department will remove the special conditions if, at any time prior to the expiration of the grant year, Wisconsin provides documentation, satisfactory to the Department, that it has fully met the requirements to report publicly on the performance of children with disabilities in alternate assessments. This information is to be submitted on the Biennial Performance Report format provided by OSEP. (This format is available at <http://www.ed.gov/offices/OSERS/OSEP/Monitoring/>.)

4. Method of Requesting Reconsideration

The State can write to Assistant Secretary Robert H. Pasternack if it wishes the Department to reconsider any aspect of these Special Conditions. Any request of this sort should describe in detail the changes to the Special Conditions sought by the State and the reasons for those requested changes.

5. Submission of Reports

All reports that are required to be submitted by Wisconsin to the Department under the Special Conditions should be submitted to:
